

PRIOCHEM 2025

The National Research and Development Institute for Chemistry and Petrochemistry - ICECHIM Bucharest is pleased to invite you to the 21st edition of the **International Symposium PRIORITIES OF CHEMISTRY FOR A SUSTAINABLE DEVELOPMENT PRIOCHEM**, which will take place on 15-17 October 2025 at ICECHIM's headquarters (202 Splaiul Independenței, Bucharest).

Established in 1950, ICECHIM proudly marks 75 years of continuous, high-level research in chemistry and chemical engineering. Throughout 2025, we celebrate this milestone anniversary by honoring the dedication, innovation, and achievements of our researchers who have shaped the institute's legacy and impact. PRIOCHEM focuses on the research areas of the institute corroborated with the new guidelines on RDI activity at national and European level, included in the Horizon Europe program, and is organized with the support of the Ministry of Education and Research and the National Authority for Research. Early-stage and experienced researchers with prestigious work are invited to present their most recent results in the fields of chemistry and chemical engineering, with applications in areas such as, such as:

- capitalization of bioresources,
- nanosciences and nanomaterials,
- protection of the environment and cultural heritage,
- sustainable resource management, recovery, recycling and capitalization of by-products from various agro-industrial streams.

The scientific agenda consists of plenary sessions, lectures, poster presentations, round tables and workshops (satellite events) and technical exhibitions.

| PRIOCHEM sections | Indicative |
|--|------------|
| 1. Multifunctional materials, nanocomposites, innovative technologies and cultural heritage preservation | 1 – MTCH |
| 2. Bioresources, biotechnologies and biorefining | 2 – BBB |

Registration fees:

Until September 30th 2025: 120 EUR (standard) / 60 EUR (students, including MSc and PhD students);

October 1st to October 13th 2025: 160 EUR (standard) / 80 EUR (students, including MSc and PhD students)

One registration fee allows the registration of only one work!

PRIOCHEM 2025

Diversity is one of ICECHIM's most important values, and therefore the PRIOCHEM International Symposium Organizing Committee aims to support researchers from around the world who are developing both professionally and academically. Thus, participants should consider the following aspects:

- The applications are due by September 30th 2025 (submission of the application form and the abstract);
- Participants can register online (<https://icechim.ro/en/institute/scientific-events/priochem-en/>) by filling in the application form;
- The form will be filled in with all the necessary details, in order to be validated; the participation fee should be paid via ICECHIM's account RO82RNCB0077015755980001 opened at BANCA COMERCIALĂ ROMÂNĂ SECTOR 6, SWIFT: RNCBROBU, with the mention "Participant name & surname - SANDARD (STUDENT) REGISTRATION FEE PRIOCHEM XXI"; Euro payments can be made using the following account: RO98RNCB0077015755980004 (SWIFT: RNCB RO BU; INCD CP ICECHIM – RO2627996).
- The notification of acceptance will be sent within 5 working days;
- On payment of a single fee, a participant is allowed to present one scientific contribution;
- The scientific contributions will be reviewed by the Scientific Committee, which reserves the right to accept or reject papers and to decide on the presentation format (oral or poster);
- The participants can attend the event physically or on-line, via Zoom platform;
- The official language of the symposium is English.

The event will also include lectures presented by our prestigious international guests.

Event organised with the support of
